

GRIM REAPER TAKES HEAVY TOLL FROM AMONG OLD RESIDENTS

FORMER RESIDENT ANSWERS FINAL SUMMONS

Died in Palo Alto, February 15, 1923, Mrs. Mary West Thompson, widow of the late Frank P. Thompson, devoted mother of Mrs. John Leeson Meares, Mrs. Page Baker, George B. Hule, Mrs. George LaFare, Thomas L. Thompson, John W. Thompson, Robert A. Thompson and to late Belle Thompson. She was a native of Norfolk, Virginia.

Mrs. Thompson came to Redwood City from Santa Rosa with her family in the late 50's and resided here for ten years. Her husband, the late Frank P. Thompson, was for many years editor and proprietor of the Democrat, which is now published under the name of the Standard. After severing his connections with the Democrat, Mr. Thompson was connected with the local post-office. Upon his death the family moved to Palo Alto and a daughter, Miss Belle Thompson, was for a number of years post-mistress of Stanford University.

Mrs. Thompson came of an old Virginia family. She was a devoted mother and her family has the sympathy of her many friends in their bereavement.

The time of the funeral has not yet been set.

OLDEST RESIDENT OF COUNTY PASSES AWAY AT 113 YEARS

One of the oldest residents of the county and of California passed away at the county hospital last Saturday. This was Jacinto Flores, who came to this state from Mexico in 1850, at which time he deserted the Mexican army and went to Santa Cruz, stopping at San Francisco. In 1852 Flores went to Pescadero, and went to work on the old Weik's ranch where he remained until the death of the owner. Since that time Flores has been a constant resident of San Mateo county. In 1919 he entered the county hospital where he has been since that time. Flores was at the time of his death 113 years of age, being one of the oldest residents in point of years as well as in residence in the county.

Mrs. C. E. Peck, wife of the pastor of the local M. E. Church, is suffering from a severe attack of la grippe. She is at present under the efficient care of Dr. J. P. H. Dykes, who believes that she will soon be on the road to recovery. Mrs. Peck is receiving the wishes of her many friends for her speedy recovery.

Louis Behrens spent last week-end visiting in Truckee and incidentally enjoyed the winter sports of the northern clime.

Mr. and Mrs. Chas. Littlejohn and a party of friends visited Mrs. Flora Easterday and Mrs. Sylvia Paulsen of Tunitas last Thursday at San Gregoria.

THE CITY ELECTION

While other communities are already in the throes of the coming municipal election no one has come forward in Redwood City as a candidate for any of the elective offices. At the election in April three trustees, and the city clerk will be elected. At this stage of the game we cannot predict whether or not there will be any candidates. The trustees pay such a small salary that there are few who are willing to give their time for the remuneration and better included in the incumbency of the position. The salary received by the city clerk is fair for the position, and it is possible that there may be more than one candidate in the field.

PROMINENT BELMONT MAN SUCCEMBS TO HEART ATTACK

Without any previous symptoms or warning, death last Monday night took one of Belmont's most prominent and popular citizens, Chas. M. Fisher, of the firm of Chas. M. Fisher and Son, of San Mateo, and a resident of Belmont for the past twenty years, who was stricken with heart trouble and passed away at his home at the latter place.

Fisher was a staunch republican and took a prominent part in county politics, being at the time of his death a member of the county committee. He was a former state senator and previous to the formation of the State Insurance Commission, had taken a part in the state investigation of insurance companies.

The deceased was a member of Crockett Lodge No. 139, F. & A. M. and also of San Mateo Pyramid of Scots, and took an active part in Masonic affairs during his lifetime. The funeral was held under the auspices of Crockett lodge.

Besides a brother, George Fisher of Oakland, the deceased is survived by two sons and two daughters. The sons, Charles and George Fisher of Belmont, the daughters are Miss Margaret Fisher of Belmont and Mrs. R. C. Ross of San Mateo.

PAUL DE MARTINI

Paul DeMartini, a resident of Redwood City for over forty years, passed to his reward yesterday morning. Mr. Martini came to this city in 1880 and engaged in the hotel business, erecting a hotel on Arguello street, just across from where the S. P. station stood at that time. He was associated with P. Botta for many years and later with Charles J. Jarron, well known here as "One-eyed Charlie." Later, Jarron withdrew from the partnership, leaving DeMartini sole proprietor.

Of late years DeMartini has lived a retired life at his home on Arguello street. He was prominent and well liked in the community, especially among the Italian colony. He was always fond of gardening and to see him at work in his dooryard was a familiar sight.

Besides his wife, Mrs. Mary DeMartini, the deceased leaves two daughters, Mrs. Edith Curran and Mrs. Della Zimmerman. Two sons, Amel and Frankie, preceded their father to the grave by several years. The funeral will be held from his late home, thence to Mt. Carmel Catholic church, at nine o'clock Monday. The interment will be in the family vault at Holy Cross cemetery.

The first lodge established in Redwood City was Bay View Lodge I. O. O. F. established October 4, 1862.

NOVEL EXHIBITION NOW SHOWING IN REDWOOD CITY

The exhibition of household washing equipment now in progress on the ice-house lot on Washington street is rather unique. The representatives of the manufacturers of the equipment on display are demonstrating some of the later improvements in washing machinery for the home. Real washings will be done and the clothes dried and ironed immediately after taking them from the water, thus making the housewife independent of the sunshine and saving much time. Demonstrations are being conducted from 2 to 5 and from 7 to 9 each afternoon and evening during the week.

MISSION AT MOUNT CARMEL FOR ITALIAN PARISHIONERS

The Reverend Joseph R. Simeoni of the Church of St. Peter and Paul of San Francisco will conduct a mission for the Italian speaking members of the congregation of Mount Carmel church, commencing next Wednesday. The principal services will be at 7:30 o'clock on Wednesday, Thursday, Friday, and Saturday evenings. Father Simeoni is one of the best known and most popular preachers in Italian on the Pacific Coast. A large attendance is expected.

NEWSY NOTES OF LOCAL INTEREST

Earl Higgins is greeting his friends about town after having spent a week in bed as the result of an old fashioned siege of la grippe

Miss Blanche Ross has been very ill at the Stanford Hospital, Palo Alto during the past week.

Mrs. Katharine Haw, matron of the Juvenile Home on Webster st., visited the coast side of the county on official business Tuesday.

James W. Bell returned to his home in Bellville, Wednesday after having spent a week here visiting his family.

WOODSIDE CHIRPS

The hand of Death was laid heavily upon Woodside this week and two of our residents, Mrs. Clara B. Hooper and Henry Koop, answered the summons.

Mrs. Hooper had lived here nearly seventeen years, having made this her permanent home since the earthquake and fire in San Francisco. Her gentleness and courtesy and kindly thoughtfulness for others won the love of all who knew her. When I met her first, sixteen years ago, her home was the happiest, her hospitality the finest and her life as joyous as any in the valley. But her brood scattered, her health failed and for the last year or two she had suffered greatly. During the last six months she had been under the constant care of physicians and of her brother and his wife. She died Wednesday at the age of fifty-eight and was buried at her family home in Woodland.

Henry Koop was seventy-seven years of age and one of the last connecting links between the old days and the new. For he came to Woodside forty-seven years ago when Woodside was still a lumber camp. He worked in the mills until they closed and then continued to live here on property he had acquired while working at the mills. He followed the trade of carpenter, and not many houses were built in Woodside until recent years, on which Henry Koop did not bear a hand. He was married and here his son was born. For some time he had been ailing and at last he was induced to go to a hospital in San Francisco. He realized that the human machinery had worn out and awaited the end in the spirit of his pioneer days.

His gaunt, stooped figure and kindly greeting will be missed by all of Woodside's residents.

Situated as we are, five hundred feet above the bay and with a mountain ridge between us and the ocean, one would hardly select this as the most likely location for a boat building plant. Yet every year, C. T. Bradley builds a boat. This year he is building two. Mr. Bradley has a summer place at Lake Tahoe but when the snow begins to fall in that high altitude he returns him to Woodside and occupies himself in building boats which, in the spring he ships to his resort on the lake. And they are good boats, too.

During the progress of the war we might have felt uncomfortable over the sounds of bombardment filling the air of life. But after all it was only the peaceful noise of what is known as "agricultural dynamite." Strange the many explosive purposes for which this high explosive has come to be used. Not only in mines and quarries, but in a dozen different operations on the farm. Its use is the most approved method of preparing the ground for orchard and vineyard plantings. It is a great labor saver in the digging of drains; by its use great trees are lifted out of the ground the trunk shattered into firewood. Every well appointed farm, now, has its powder house stocked with dynamite, fuse and caps for the many emergencies that may arise.

We all know something of the migration of birds and expect to see the different species pass by us in their appointed seasons. But I wonder how many of us realize the regularity of their visits. I had been noting the big red-breasted robins for the last ten years and during that time they have never failed to appear during the third week of January. For the space of eight or ten days the fields are covered with them, and then, suddenly, without warning, you realize that they are gone for another year.

As if to prove appropriateness of their name, even while the robins were with us, I found the first blooms of the wake-robins or trillium. That was a week ago, but since that time half a dozen different wild flowers have come into bloom and the school herbarium is growing daily. Not for long can the march of spring be delayed even by such cold weather, or as we have had for the month past. The almond trees are a mass of white and pink blossoms, the great leaf buds of the buck-eyes are bursting and the buds on the maples are but waiting for the first warm day to swell and break.

MEETING HELD FOR SKYLINE ROAD

The Ladies Aid of the Methodist church will hold a home-cooked food sale in the store formerly occupied by the Bon Ton, at 42 Broadway, Saturday February 24. The patronage of the public is cordially invited.

BOOSTERS OF '878

In a pamphlet issued in 1878 to advertise the advantages of San Mateo county over the remainder of the earth, the following portions describe so well the San Mateo county of today that we have quoted largely from them:

"The scenery of San Mateo county is the most varied of any county in the state. Here can be found the fertile valley west of the bay, extending to the foothills, dotted with live and drooping oaks, in contrast with the many fields of grain. Still farther towards the summit, the redwood forests and the mountain oaks; and now, the western slopes of the mountains, covered with chaparral, are now fast disappearing before the plow and reaper.

"The ocean now comes into view. The marine views in contrast with the redwood forests and lower hills, form some of the best scenery to be found."

Further on the author says, "We have gazed in wonder upon the granite walls of Yosemite Valley, but with its varied scenery and massive combination of rock, tree and waterfall, none will surpass this little gem in beauty at our own doors."

Miss Florence Bundy, teacher of mathematics in the Antioch High School, spent the week-end visiting her mother, Mrs. H. Kirite.

RUNNYMEDE NOTES

A moving picture show, arranged by the Boy Scouts, was held last night, and the money so derived is to be used for scout work and equipment.

Rehearsals are being held for "The Old Maids' Convention," a farce to be given by the Woman's Club Saturday evening, February 24th.

The Chamber of Commerce has changed their regular meeting night to the first Monday of each month, and the charter will be kept open until after the next meeting.

Mrs. Alfred Gravstock, Jr., spent last Saturday in Oakland meeting her mother, Mrs. Hutchinson, who was returning home from a three-weeks' visit with relatives in Healdsburg.

A. Davis was a week-end visitor in San Jose with Mrs. Davis this week.

Mrs. Lee Hampton, principal of Ravenswood school, is able to resume her school work after an illness of two weeks.

Mr. and Mrs. R. B. Armstrong of Oakland and Mr. and Mrs. Henry J. Jarron of San Mateo, were week-end visitors with Mr. and Mrs. P. Jarron this week.

H. Larsen and F. C. Nickerson were visitors in San Francisco the first of the week.

A. E. Gravstock was a business visitor in Oakland Saturday.

Mr. and Mrs. B. W. Ludington of Menacehe, Washington, old school friends of Mrs. F. C. Nickerson, stopped off for a short visit on their way to Los Angeles the last of the week. Their daughter, who is in the library of Mills College, accompanied them.

Mr. and Mrs. E. Mann and children left Wednesday, to spend the remainder of the winter in Southern California. The Dollings have rented the Mann house to be here until the close of the school year.

Mr. and Mrs. Stubbs, Sr. moved to Sacramento Wednesday.

Mr. and Mrs. C. T. Self, who have bought the Dolling's property, have taken possession.

Mr. and Mrs. J. B. Maynard and the latter's sister, Mrs. Moody of Wisconsin, and Mr. and Mrs. O. D. Wells were dinner guests at the home of Mr. and Mrs. C. E. Self in Palo Alto last Sunday.

ENTERS MAYORALTY RACE

Alfred W. Wehe, a prominent realty dealer of Richmond, has filed his papers as a candidate for the office of mayor of Richmond at the April election. Wehe's friends predict that he will be an easy winner.

WILL ENGAGE IN BUSINESS

Will Barg, former County Recorder of San Mateo county, has associated himself with Mr. H. Montgomery of Oakland and will engage in the Blue printing and duplicating business. They will also have machines for photostatic work which is the process of photographing and reducing of any maps, diagrams or plans. Their place of business is located at 573 Sixteenth St., Oakland. Mr. Barg has been associated with a San Francisco lumber company since leaving his county office.

LOCAL POST OF AMERICAN LEGION TO SUPERVISE BOY SCOUTS

At a special meeting of the American Legion held last Thursday night in the Civic auditorium, the local post officially adopted the Boy Scouts.

Toward that end they have practically secured a home for them next to the gymnasium, Commander Jones of the post was selected to act as Scout Master pro tem and he immediately laid plans for a meeting with the former trustees of the Scouts to effect a reorganization, and to arrange the necessary details.

The Legion hopes in a few weeks to take over the property officially and a bright outlook is ahead, as all parties interested at present, look upon the new state of affairs as the only solution of the problem of the proper use of the buildings, and as being the means of building up the Boy Scout organization to their former position in this city.

KENNETH M. GREEN ADVANCED

Kenneth M. Green, well-known attorney of San Francisco, and formerly of this county, has received a merited and well earned promotion at the hands of the United States Attorney General's department. Mr. Green has been serving since the appointment of Mr. Williams as assistant U. S. Attorney for the District of Northern California. He has been very active in the prosecution of all violators of the federal prohibition law. This week notification came from Washington that he was to have the position of special prosecutor of prohibition enforcement. This place was formerly filled by the late H. McCormick, who was killed recently in an automobile accident. Mr. Green is a clever attorney and will make good in the new position. His former place has been filled by Miss Alma M. Myers, a practicing attorney of San Francisco.

PESCADERO PEBBLES

A reception in honor of the 72nd anniversary of Mr. J. C. Williamson is to be given by the Pescadero Community Center in the Center auditorium Sunday evening, February 18. Arrangements for the affair are being made by the Executive Board of the Center, of which Mr. Williamson is the treasurer.

It was over a half century ago that as a young man, a youth in fact, Mr. Williamson came to this part of the world direct from the Atlantic sea-board. With him came a love of the open, high ideals of honest ambitions and the instincts of a gentleman, well read and cultured, and it is perhaps safe to say that Pescadero at that time was not bidding very high for gentlemen as such.

However, today Mr. Williamson is the dean of the coast-side business men and financiers, and there is about him, too, every indication that he intends to remain the same dean for years to come; and in this he has the gracious vote of everything within range of Pigeon Point light and the fog horns for the young man who came here a good half century ago—a gentleman well read and cultured—is today still primarily a young man, a gentleman, well read and cultured.

Robert Thompson, one of the oldest citizens in this section, past away Tuesday. Since the death of his brother, some years ago, Mr. Thompson has lived alone in his home on the upper reaches of the Pescadero creek.

Hardly had the winter rains touched off the surrounding hills in their color washes of greens, when the plowing season is full at hand. Every acre in a while man and beast and plow can be caught "dark against the winter sunset" making Millet and daubers look somewhat futile. Some day some one's going to discover this part of the continent and turn it into a gallery of fine arts; for look which direction you will any time of the day or year, and the background breaks up into pictured landscapes.

Steve McCue, the pioneer hotel man of San Carlos, is boarding the big crew of men who are at the work of taking the old speedway to pieces. The men are camping in tents and taking their meals at the Hotel McCue.

Don't forget that the Mothers and Fathers' Associations are to celebrate "Founders' Day" at the San Carlos school house on the evening of Saturday, February 24, beginning at 8:00 o'clock p. m. In addition to the entertainment by the school children, an interesting and instructive address will be given by Mrs. Marion G. Colby of Burlingame. Subject: "Founders' Day" and Mrs. Birney. The whole community is cordially invited to attend and help to make this a delightful time and a successful get-together meeting.

W. L. Kenealy of San Francisco has purchased the last bungalow built in San Carlos, and moved his family in last Thursday. The new home is located on Magnolia avenue, adjoining Mr. J. M. Edling, the newly appointed school trustee.

The Mercantile Trust Company expect to immediately begin the construction of twelve more modern bungalows, four of which are already sold, and it is very probable that the entire twelve will be completed for before they are completed.

FIRST COUNTY SUPERVISORS

The first meeting of the Board of Supervisors of San Mateo county was held on the 7th day of July, 1856—present, James Berry and Charles Clark, they constituting, as the record states, a majority of the board. The member not present was John Johnston. The first official act of the board was to appoint James McCrea to fill the vacancy in the office of Justice of the Peace made by the resignation of Horace Templeton.

MEETING HELD FOR SKYLINE ROAD

The commissioners representing the Skyline Highway district met in the San Francisco City hall, Thursday and formulated a demand of Governor Richardson and Highway Commissioner Toy that work be continued on the San Francisco-Santa Cruz boulevard. All of the members of the commission were present. They are Supervisor Richard J. Welch of San Francisco; Supervisor John MacBain of San Mateo county; Supervisor Chas. P. Cooley of Santa Clara county; and G. P. Rostron of Santa Cruz county.

The commissioners declared that the need of such a road is urgent. They also pointed out that the project was part of the \$40,000,000 bond issue voted by the people and that it was guaranteed by the state when the electors carried the bond issue.

"The ocean now comes into view. The marine views in contrast with the redwood forests and lower hills, form some of the best scenery to be found."

Further on the author says, "We have gazed in wonder upon the granite walls of Yosemite Valley, but with its varied scenery and massive combination of rock, tree and waterfall, none will surpass this little gem in beauty at our own doors."

LENT

Wednesday was the first day of Lent. To a large part of the world this has very little significance. To a large body of the followers of the Christian religion, however, it means that a period of meditation has begun. A large number of special observances were enforced by the church authorities in the olden times which were intended as health regulations. The people were not versed in rules of health. The Fathers of the church had studied and knew that at stated intervals it would be a good thing for the people to abstain from their regular diet. Accordingly they fixed the forty days before Easter as a time of fasting and meditation. This period was wonderfully well chosen as it always comes in late winter or early spring. There were always spring contagions and the observance of Lent helped to overcome these.

As year by year goes by the observance of these church days are put in the background even by the people who should observe them most rigorously. It is too bad they are coming to be disregarded as the ones who forced their observance in the early days knew what they were doing when they asked their parishioners to fast and meditate.

TREE PLANTING WEEK

The week of March 4-10 will be observed in California as Tree Planting Week. This is a movement which should be fostered by every school and club in the state. There is nothing that adds to the beauty of any section of the country as does a vista of trees.

As a suggestion, we would urge that the people of this section, who follow out the request of the State Board of Education and plant trees, will think of the plan followed in Switzerland. There the people annually plant nut and fruit trees. The children of the different communities are then taught to care for the growing trees. When they have come to maturity the people of every section then have all of the fruit and nuts that they may wish. Parties go out on school holidays and gather their supply of nuts for the year. It is not only a fine custom, but it adds materially to the pleasure of the winter, and nuts are not so hard to take after they are properly opened.

HOW MUCH IS THE TEACHER WORTH

Apropos to the discussion caused by the criticism of the recent Grand Jury of the salaries paid the teachers of the San Mateo High School, we would call your attention to a little bit of blank verse that we ran across this week

IF
"It takes a fifty thousand dollar man to—
Guide a client,
Develop a coal mine,
Put a corporation on its feet—
What is that teacher worth who can take that boy of yours and—
Guide him,
Develop him,
Put him on his feet, and
Make a man of him?"

A WIDER HIGHWAY

State Highway Commissioner Harvey M. Toy has sent out information that he is going to have the State Highway from San Francisco to Palo Alto widened from a twenty-four foot strip to a forty-foot roadway. This will be welcome news to the thousands of motorists who daily and weekly scoot over the roads of this part of California. While forty feet is not so much, the extra sixteen feet will be a fine thing for those who participate in the regular Sunday crawl. There will then be a chance for five machines to travel abreast at one time instead of three as is now the custom. It will probably give a greater chance for accidents also, which help to support our hospitals. Personally we would like to see any money which is to be expended put on the east-side highway and then make the roads one-way affairs. This would do more than anything to decrease accidents and would thereby add to the pleasure of motoring.

STREET TREES AND CITY VISITORS

Once again the time of the year has arrived when the acacia and other trees which our good city government has planned for the beautification of the streets of the town, will blossom forth and make the streets and avenues of our town veritable paradises of bloom. We all admire the beauty of the flowering trees and do not grudge the amount of taxes which we must pay for the maintenance of the trees along our ways. But, we must object to people driving down from the city, or anywhere else, for the day, and filling up their cars with whole limbs broken off the street trees of Redwood City. Anyone who noticed the fate of the flowering almonds along Hopkins avenue, can understand what an amount of damage can be done by breaking off the flowers of the street trees. We think that the city should prosecute, to the fullest extent of the law, anyone found breaking the public trees. We would also suggest that signs be erected to the effect that breaking branches off the trees is a punishable offence.

PUBLIC SPIRIT

Governor Pinchot, the new chief executive of Pennsylvania, has declined to take an increase of \$8,000 per year in his official salary until the state is able to pay its current expenses. He is following the example of President Harding, who is paying out of his own pocket many expenses that were formerly paid by the government. Both are Republicans, please note.

HORTICULTURAL COMMISSIONER TATE MAKES REPORT

As the report of County Horticultural Commissioner Tate contains much valuable information, we are publishing it in full, as follows:

Parties who desire to give their trees or berry vines a dormant spraying this season, are advised to do so at once as the buds are rapidly developing and it will soon be too late to do so. As a general spray for use on bush berries, apples, pears, and the control of "curl leaf" on peach, I am recommending the use of lime-sulphur solution at a strength of one gallon of liquid lime-sulphur to nine gallons of water. This in case the spraying is done in the near future, otherwise the amount of water must be increased. For other fruits, I prefer to make recommendations as the individual case may require, and will gladly advise anyone who may care to call upon me. Anyone wishing me to visit their premises should communicate by letter as I am out of the office a great part of the time and consequently it is hard to reach me by telephone.

Nursery stock has been coming into the county quite freely during the month and a considerable number of berry plants shipped out from the Rinnymede section, 105,827 plants, of which 86,862 were raspberries being the number shipped. Fifty-three cars of 22,010 sacks of seed potatoes have been inspected by this office at Colma. Fruit trees are being set out quite extensively, we having received 7,090, the principal varieties and amounts being apricots, 1960; pears, 1144; walnuts, 699; peach, 538; and cherry, 510. The eastern shipments inspected during the month were 26 of 37,149 plants; California shipments 626, of 295,935 plants, making a grand total of 662 shipments and 242,104 plants.

Since last report, 55 properties have been visited by the commissioner for the purpose of giving advice and inspection.

CHINESE NEW YEAR

China New Year begins last Wednesday and will be celebrated for a week. There was no noise of firecrackers here in Redwood City as the local "chinks" believe in a safe and sane new year. They have made no ordinances or regulations against the use of fire crackers or fire arms, but old Jim—who upholds the dignity of his people—Redwood City is well passed the age of crackers and so doesn't bother about them.

We can remember the days, however, when the celebration of this event was of more than a passing moment. When old Wah Lee and See Lung had their addresses and each employed several countrymen we were sure of having all of the China nuts, ginger foot and rind sandy that we wanted. But as our old friend says, "Them days is gone forever."

On October 14, 1883 the first passenger train passed through Redwood City on what was then known as the San Francisco-San Jose Railroad.

DUMBARION BRIDGE PROPOSED OVER SIXTY YEARS AGO

Anent some slight rivalry between some of the Chambers of Commerce as to who was the first to suggest a bridge across Dumbarton, the following is a history of the county published in the early seventies, may be enlightening:

"This is a duplicate of Goldsmith's 'Deserted Village.' It exists only in the memory of the pioneer, although it started into life with every prospect of success, and during the period when the question of a western terminus of the Central Pacific Railroad was raising the hopes of so many towns, Ravenswood, was threatened with being made the terminus of the bridge across the bay.

Without desiring to dampen the ardour or question the veracity of the gentlemen who direct the destiny of the Dumbarton Bridge Association, we feel impelled to correct a couple of misstatements appearing on the front page of the official organ of that enthusiastic, not to say altruistic organization, wherein the name of Mr. Fred Drake is announced as the original and bonified proponent of the Dumbarton bridge proposition.

It is supposed by many that the word, "news" is derived from "new," but this is not the case. In former days it was common for papers to be headed with the initials of the points at all points, and from this custom it is said, came the word, news.

THE CHOICE OF FRIENDS AND READING Your family is worth the best you can give it. You desire for their enjoyment the best house, the best food, the best clothes that you can afford.

Everfast Suiting is a High Grade Suiting, which comes in about sixteen different colors and is the only piece dyed wash fabric we feel justified in guaranteeing absolutely fast in color.

NEWS OF MENLO PARK

Late last Sunday evening, at her home in Berkeley, Mrs. Catherine Mills Doyle, wife of James R. Doyle, a former merchant of Menlo Park, passed peacefully away, following an illness of only a few hours. About 5 o'clock that afternoon she complained of pains near her heart; a doctor was sent for, but before he arrived she had quietly and peacefully passed to the Great Beyond. Her sudden death was a severe shock to her husband, who will be 89 years old next June. Mr. and Mrs. Doyle left here about two years ago to reside with their daughter, Mrs. Joseph W. Flinn of Berkeley. Mr. Flinn is the superintendent of the printing plant at the State University. The funeral took place from the Church of the Nativity here on Tuesday morning and interment was in Holy Cross Cemetery, where all that was mortal of this good woman was laid to rest beside her two sons, who had gone before, and among many of the friends of her girlhood days who have long since crossed the Divide.

Mrs. Doyle was born in North Frampton, Canada, 79 years ago. As a girl of 13, she came with her mother to live with her brother, the late John Mills, then a prominent lumber dealer of Portola. She lived at what is known as the Preston place. The two-story frame building where the Mills resided still stands in that locality though removed from its former location. Mrs. Doyle came there in 1868 when the former village of Seaville was the principal town in the county. It was a lively place in those days for all the lumber mills were in full blast, hundreds of men being employed in these busy beehives of industry. In that atmosphere of activity Mrs. Doyle grew to beautiful womanhood. She was a skillful horsewoman, romping and riding over the hills and vales of fair Portola; in that early day when there were few roads, only trails to pick her way up.

In after years Mrs. Doyle tried to tell of those happy, care-free days of long ago when a spirit of pleasure seemed to permeate the very air. Many of Mrs. Doyle's friends came to settle in Portola from the old home in Canada. Among them were the Dempseys, the Duffs, Franklins, Eikerkotters, Kellys, and numerous other sturdy pioneers, all of whom have closed their eyes forever in death. Mrs. Doyle was the last of that grand group of noble men and women who have left their impress upon the history of San Mateo county and whose names will ever be enshrined in the memory of those who are left.

Mrs. Doyle at an early date entered the Notre Dame convent at San Jose, from which institution she graduated with honors. Among her schoolmates were many prominent women of the early days of California. Mrs. Blanchard of Menlo Park was her classmate. Shortly after her graduation, there appeared upon the scene a stalwart young Canadian living in San Mateo county and soon Miss Mills and James R. Doyle were married. This was in 1866. The young couple went to San Mateo in 1887 and the firm became known as Duff and Doyle, continuing business until a few years ago.

One of the great sorrows of Mrs. Doyle's life was the death of her young son, Murtha, in 1898. He was a promising young man and his death was a severe blow to his mother.

Mrs. Doyle was a true Christian woman, devoted to her family and friends. To know her was to love and admire her gentle ways and charming manner.

Her young son, James P. Doyle, who is at St. Louis, is to be ordained a priest of the Jesuit Order next spring, and it was her fondest hope and wish to live to see him in his

priestly robes, a soldier in the Vineyard of the Lord. It was not to be. Mrs. Doyle is survived by her aged husband, who is seriously ill from the shock of the death of his beloved wife and helpmate for over half a century; a son, W. A. Doyle of Menlo Park; Mrs. J. W. Flinn of Berkeley; Mrs. C. A. Brady, and Mrs. Annie W. Ahlert of San Francisco. Two sons, Robert and Murtha, predeceased her to the grave some years ago, as did her two sisters, Mrs. Margaret Kelley and Sister Xavier of the Notre Dame Academy of San Francisco.

The pall bearers were the six grandchildren of the deceased: Ashton, Edwn, Joseph and Paul Flinn; Frank and Charles Brady.

E. N. Brown, superintendent of the Palo Alto Stock Farm, has just returned from Madison, Wisconsin, where he completed negotiations for the purchase of 76 high grade Holsteins. The herd which was described as "the best obtainable," is enroute to Palo Alto, and was scheduled to leave Omaha, Neb., Tuesday. The stock is being carried in three stock cars.

Born—At the Palo Alto Hospital, to Mr. and Mrs. L. E. Rolley, Jr., of Menlo Park, February 9, 1923, a son.

Allton VeVerka of Sterling, Colorado, who is touring the western part of the country is visiting for a time with his brother, J. VeVerka, station agent at Menlo Park.

The Reverend Father Mazzetti, pastor of St. Joseph's Catholic church died last Tuesday at San Jose after a week's illness of pneumonia. Father Mazzetti was born in Naples, Italy, on May 17, 1834, but for the past 45 years had been a worker among the residents of this valley and for the past 20 year had been connected with the spiritual work of St. Joseph's church.

He was venerated in and spoke six languages and for this reason was able to talk with and reach a larger number of persons of the different nationalities of this valley than perhaps any other priest.

The aged priest in years gone by celebrated mass here frequently. He was a pious and holy man.

While riding her bicycle Tuesday morning, Miss Frances Casey, daughter of Mr. and Mrs. George Casey, 357 Fulton street, was struck by an automobile at the intersection of University avenue and Webster st. The girl was knocked to the street by the blow, it was said, and was painfully, though not seriously injured, her injuries being confined to a bruised arm and several minor cuts and abrasions. The motorists stopped and rendered aid.

The committee in charge of the St. Patrick's Day celebration and performance will be the very best ever presented to a Menlo Park audience. The program will consist of professional talent from San Francisco and Redwood City. Tickets are now on sale. Get your supply before they are all sold.

Edward Derry, on the first of Mar. will open a feed and coal yard on the highway here. He is a worthy young man with plenty of pep and personality to make the enterprise a success. Encourage the young man by giving him your support. He deserves success.

Harry B. Morey, the well-known cement contractor, was critically ill at his home on MacBain avenue during the first part of the week. He is now improving and will soon be convalescent.

Mr. L. Henry of Menlo Park, has purchased the attractive bungalow at 1125 Cabrillo avenue. Burlingame and expects to take possession shortly with his bride, who was formerly Miss Guglielmoni of North Burlingame. The young couple was married at the Church of the Nativity, Menlo Park, last Saturday afternoon.

MONEY SAVING MEAT MARKETS

The Nelson Meat Company sells quality meats at the lowest in the city prices. We own our own packing plant and thus save the middleman's profit which we pass on to our customers. In our modern refrigerating coolers carefully dressed meats are aged to just the right degree of tenderness, providing mature, tender delicious meat for your table. Our sanitary markets equipped with refrigerated glass enclosed counters protect your health by keeping the meats free from contamination. Nelson's "Cash and Carry" plan of buying saves you money.
